OKRUŽENJE

SURROUNDING

Turistički centar Bela Reka – Brzeče se nalazu i podnožju Kopaonika koje je sve dostupnije i pitomije od vrhova, idealno za porodičan boravak, boravak sportista i dece, osoba sa zdravstvenim tegobama, pruža mogućnost pešačkih izleta do vodenica potočara, izvora, gejzira, vodopada, pećina.

Klisuraste doline Samokovke, Duboke, Lisine, Barske, Gobeljske, Ciganske i Brzečke reke, predstavljaju najlepše prirodne motive. Tu je i gejzir, prirodni fenomen i najveći vodopad u Srbiji, "Jelovarnik", visok 71 m. Područje "Jelovarnik" je izdvojeno i svrstano u prirodni rezervat Nacionalnog parka Kopaonik, osnovanog 1981. godine. U svom sastavu ima i pomenuti vodopad, a pripada selu Ravnište.

Staro rudarstvo pouzdano datira iz rimskog perioda, a svoj procvat doživljava u XIV i XV veku. Otuda je na Metodiju, nekoliko stotina metara od zapuštenog rimskog rudnika, sagrađena crkva posvećena Sv.Metodiju, pored koje je kamena litica iz koje izvire voda, po narodnom verovanju, blagotvornog i isceliteljskog dejstva. U neposrednoj blizini je i gejzir, kao i potes "Gvozdac" sa sedam izvora.

Tourist center Bela Reka - Brzece is located in the foothill of Kopaonik, which is more and more approachable and more pleasant than tops, ideal for family stay, stay of sportsmen and children, persons with health difficulties, provides possibility for picnics on foot to the water mills, springs, geysers, waterfalls, caves.

Gorge valleys of Samokovka, Duboka, Lisine, Barska, Gobeljska, Ciganska and Brzecka river present the most beautiful nature motives. There is also a geyser, natural phenomenon and the biggest waterfall in Serbia, "Jelovarnik", 71 m high. Area of "Jelovarnik" is separated and classified as natural reservation of National park Kopaonik, founded in 1981. In its structure it has the mentioned waterfall, and it belongs to the village of Ravaniste.

Old mining undoubtedly dates from the period of Rome, and it had its blossom in XIV and XV century. That's why a church dedicated to St. Metodije was built on Metodj, few hundred meters from the abandoned Roman mine, next to which is a stone cliff where the water rises, according to popular belief, with beneficial and healing effects. Near by is a geyser as well as location "Gvozdac" with seven springs.
